Assessment Rate Notice for SFY27

The Maine Vaccine Board met on May 5, 2026 to determine the fiscal year 2027 (FY27) assessment rates. The rates will be payable beginning November 15, 2026, for **child and adult covered lives** in the months of July through September 2026.

Important notes:

- The current rate of \$15.07 per child covered life per month remains in effect for the payment due dates of May 15, 2026, and August 15, 2026.
- The MVB FY27 assessment rate, **now including a child and an adult rate**, will become effective Q1 (July – September 2026) with a filing due date of November 15, 2026.
- **The FY27 child and adult assessment rates due on November 15, 2026, will be as follows:**
 - **\$13.47 per child per month**
 - **\$1.20 per adult per month**

The MVB follows the State fiscal year for assessment rate filings as listed below:

Quarter No.	Filing Quarter	Filing Due Date
1	July – September	November 15
2	October – December	February 15
3	January – March	May 15
4	April – June	August 15

Maine's Universal Immunization Program achieves significant cost savings on vaccines, with CDC vaccine prices about 32% lower than those of private market purchases. This cost-effectiveness underscores the substantial financial and health advantages of participating in this program. Thank you for your continued support.
