Assessment Rate Notice for Child Covered Lives in 2025

The Maine Vaccine Board met on May 1, 2024 to determine the fiscal year 2025 (FY25) assessment rate. This rate will be payable beginning November 15, 2024, for child covered lives in the months of July through September 2024.

Important notes:

- The current interim rate of \$10.04 per child covered life per month remains in effect for the payment due dates of May 15, 2024, and August 15, 2024.
- The MVB FY25 assessment rate will become effective Q1 (July – September 2024) with a filing due date of November 15, 2024.
- **The FY25 assessment rate of \$12.68 will be due on November 15, 2024**

The MVB follows the State fiscal year for assessment rate filings as listed below:

Quarter No.	Filing Quarter	Filing Due Date
1	July – September	November 15
2	October – December	February 15
3	January – March	May 15
4	April – June	August 15

Maine's universal childhood immunization program achieves significant cost savings on vaccines, with CDC vaccine prices about 28% lower than those of private market purchases. This cost-effectiveness underscores the substantial financial and health advantages of participating in this program. Thank you for your continued support.
